I understand that Christian education is a partnership which involves the home, school, and church working together to train and nurture the child. The Board and teachers are committed to providing my child with a Christian education in a loving and supportive environment, challenging each student according to his gifts and abilities, and training him in godliness as outlined in the discipline policy.

Therefore, my cooperation is expected in:

- Faithful prayer, regular tuition payments, and financial support of the school above tuition payments, whenever possible.
- Attendance at parent-teacher conferences, attendance at school concerts, etc.
- Practical help through attendance at PTF meetings, involvement in PTF fundraisers, and various volunteer activities to benefit my children.
